JUNIPER NETWORKS® | Education Services

JUNIPER ALL-ACCESS TRAINING PASS

The most cost-effective way to develop Juniper skills

Key Benefits

- **Convenience**: *Reduce training expenses and streamline the purchasing process by empowering learners to access the learning they need, when they need it, without requiring additional budget approvals.*

- **Flexibility**: *Options are available for individuals, teams, and enterprises. Through Juniper-facilitated courses, our on-demand training library, and JNCIE self-study bundles, students can learn in ways that work best for them, live or online, with hands-on labs in environments powered by Juniper Networks® Junos® operating system.*

- **Impact**: *Help staff do a better job by investing in skills development through Juniper-delivered training in switching, routing, security, data center, design, cloud, DevOps, and automation pathways. All training is aligned with the Juniper Networks Certification Program.*

- **Protection**: *Passholder investments are protected with access to all new and updated courses during the year.*

Overview

The Juniper All-Access Training Pass helps improve skills and achieve business objectives by providing access to world-class training, including every Juniper-facilitated course, our entire catalogue of on-demand courses, and JNCIE self-study bundles. The All-Access Training Pass makes our training courses available to a named individual, a team of 10, or up to 25 people across your organization for an entire year.

An All-Access Training Pass offers the flexibility that learners need to achieve their business objectives at their own pace through knowledge and skills transformation. By providing access to world-class Juniper training content on demand, live online, or through classroom-based open enrollment training (subject to availability), Juniper's All-Access Training Pass lets users choose the training format that best meets their individual or group learning needs and preferences.

All Access Training Pass Tiers

In addition to technical training, each All-Access Training Pass includes additional training and certification opportunities at the team and enterprise levels.
